DETAILED ACTION

Remarks

1. In response to communications filed on 18-June-2004, claims 1-28 are cancelled and claims 29-43 are added per applicant's request. Claims 29-43 are presently pending in the application.

Claim Rejections - 35 USC § 112

2. Claims 30-31, 33, and 38-43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 30 recites the limitation "the remote server" in line 2. There is insufficient antecedent basis for this limitation in the claim.

Claim 31 is rejected for being dependent on rejected dependent claim 30.

Claim 33 recites the limitation "the first constant value" in lines 1-2. There is insufficient antecedent basis for this limitation in the claim.

Claim 38 rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP

Art Unit: 2164

§ 2172.01. The omitted steps are: “further including decrypting the encrypted random private key using the first hash value as the encryption key to generate a random private key”. Without this step it is not clear why the step of “generating a first hash value” would occur because the hash value is generated, but not used for any purpose.

Claims 39-40 are rejected for being dependent on rejected independent claim 38.

Claim 41 rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: “including instructions, which when executed causes the processor to decrypt the encrypted random private key using the first hash value as the encryption key to generate a random private key”. Without this element it is not clear why the instructions “generate a first hash value” because this hash value is generated, but not used for any purpose.

Claims 42-43 are rejected for being dependent on rejected independent claim 41.

Allowable Subject Matter

3. Claims 29, 32, 34-37 are allowed.
4. Claim 38 and 41 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 2164

5. Claims 30-31, 33, 39-40 and 42-43 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
